

Policies

Ratification Date: June 19th, 2016

Club Policies are separate from the Constitution. The Constitution acts as the foundation of the club where as the Policies act as the framework. Club policies are in effect as long as they are listed in this document. As such, some policies may change from year to year and with the Executives. Club Policies do not have to be added to the Constitution unless the Executives and Members deem them significant enough to be added at which point the Constitution must be amended.

Article III.I of the Constitution governs all Policies.

General Policies

Policy: Executive Control

Executive Control is a policy that allows the Executive members to bypass all the constitutional red tape for the day-to-day running of the club. This is so decisions can be made without having to call a General Meeting and having a vote of all the Members present at the meeting. The policy is meant to speed up the decisions that the Executives have to make.

This policy does not support the Executives making any fundamental changes to the club. If a fundamental change is being considered it has to be proposed at a General Meeting so all Members present may vote on it.

This policy may be dissolved if the majority of the General Members call for it to be dissolved or by two-thirds of the Executives.
